ng, I take the following: OFF CITY OF NEW GRIDGES, APRIL ST. o His Honor, the Mayor of Earl Orleans :

Progress of the Enemy in Arknasus.

We have been placed in possession of a copy t the New York Times of the 6th inst, contain ing interesting extracts from foreign papers We append the following, taken from the London

The tidings of a great battle fought in Ameri ca, and the report of tens of thousands slam wounded, and captured, comes to spur our flag ging interest in the transatlantic civil war. decisive and uncertain skirmishes of the las six months had induced the English public to wait with patience for ultimate results rather than to follow with excitement the vicissitude of the contest. The gradual approaches, by riv-er and by see, the landing of isolated expeditions upon different portions of the coast, the advance of gunboats pushing their way up great rivers, and the sudden embarkation of the great icle from the London Times, ridiculing the army of the Potomac, if they were parts of some its whole, yet so delicate in its details that it could not be comprehended at this great distance, and

with the imperfect geographical knowledge of

the villages and townships in America which is possessed in this country. The English people have been content to wait and see what this pening of the game was to lead to. Hitherto only the pawns had been pushed forward, the important Confederate pieces had been driven ack upon the board, and the important Federal pieces had been worked into a position for attack few pawns had been taken on either side, but we had fer the most part begun to wait until ms great swoop of the queen or some danger as check from a knight should recall us to the le and give an anxious interest in the game. At last this has happened. The China brings us news of three great events. The first seems to be clear enough. On the 8th instant Island No. 10 surrendered to the Federal gunboats. The Mississippi, therefore, is to this extent clea-Confederate obstruction, and the gunboats of he Federals can descend the great river until they think it wise to trust themselves so far, until they gain the neighborhood of New Orleans. The Foderal advices boast that a hundred sloge gons and six thousand prisoners have been captured upon this leland. Putting saids thes numbers, which experience teaches us to distrust the probability is that the lass of the Confeder es was very great upon the capture of so is portant a position.

The second affair is by no means made so clear o us by its result. It seems that Gon. McClel lan, " with from 100,000 to 150,000 men " emarkable with what ease our Federal friend have learnt to toss about high mamerals who speaking of men or dollars-had at inst quantum point of debarkation he had received the neled perbood of Yorktown, on the mouth of the York river, and he there discovered the Coerates intrenched in a strong position, extending two railes in length, armed with heavy batteries and with low and awampy ground in their front. The army of the Potomac, instead of advancing upon Richmond by land, is now advancing inthe sent of the Confederate government from coast, and if the army of Manassas is afill to ble. However, nothing decisive had been done The Federal general was still bombarding the Confederate position, and this event honge in

The amendment repeals the black code of the Monitor, which is now a mile above the other On the passage of the bill no quorum voted.

We said Mr. Hale introduced a bill to abolish the office 12:40 — The rebets are firing rapidly from Se-of marshal of the District of Columbia, and es-wall's Point, principally at the Monitor; while a tablish that of sheriff.

Mr. Grimes presented the petition of Gon. STERLING PRICE Capt. King Sigel, and other German officers, asking for a Nan Jacinto, broadside after broadside. The Gorman professorship at West Point, and recom-Raps also thraw occasional shells into Se-mending Reinholdt Solger for the office. WASHINGTON, May 8-House.-The Iowa and Sominole and pouring shells, and the contested election case was taken up. It in threw her first twelve shells full a mile volves the quastion whether a member of Con gress can hold a sent and a commission in the olunteers at the same time, and refers especially to Van Deveer, who commands a regiment. On motion of Mr. Washburne it was postponed till the first Wednesday in December. The bill organizing the territorial government

Arizona was taken up and passed. The bill repeals all laws in the organizing of Territories recognizing the relation of master and slave, and prohibits slavery therein. The bill extending the castern limits of Novada nixty miles was passed. Mr. Lavejoy called up the bill abelishing slav

5 to take the bill up. Mr. Mallory raised a point that the bill was not regularly before the House, which the beavy mane and tell, and glass over the straight speaker overruled.

Mr. Loveling called for the prayious question.

Whose or will's traight mass is JA and State at the straight speaker. Mr. Lovejoy called for the pravious question. Without coming to a vote, the House ad-

stanily changing position, destroy the range to the conduct of the hops in our army at the quite a determined fight from their works. Great surprise was manifested by the prison us almost shell for shell, and shot for shot. | ers at the number of boys and small men in our The Microther has laid out of action for nearly an army, and one of them remarked that "for little out, and is probably cooling her guns. The follows they fought like the d-1." Somebody Rope battery has the range of Sewall's saked him what he thought of the battle generally. "Well," said be, " if you'd stuck to us three

sown towards the Federal fleet. Simularly with the approxime of the Merrimac, instead from behind the wooden and moved up to meet the enemy. The vessels have drawn aside and left the and, what is in the still, never know when they and Nangatuck. They are now in the are whipped. One young Kentucky lad of fi mg path of the Merrimac. The vessels | teen, whom I remember, fought all day in ad theet had been lying quietly at anchor for half hour, when the signal from the p ordered them all to return. The Sussa loads the way, followed by the San his rifle, until he had expended furly cartridges Seminole. Decotab, and the Monitor and then robbed the body of a Yankee for a feet g up the rear-all apparently using the supply. His clothes were absolutely cut to special toward the fort. To the special piness, and yet, with the exception of a slight O Merchanty Exchange, at 11 o'clack.

scented rather mortifying; but as they scrarch on the arm, he escaped without a wound own in line the Monitor was seen to FASHIONABLE HOURS IN EUROPE.-A Paris example, leaving the Susquehunna letter in one of the late European papers, the leaving ahead. The steamers and London Globs, dated on the 7th of April, says: "For the present every one here belonging to the present every one here belonging to the balted, and the five vessels stood the upper masses seem to be bent upon pursuing one than a mile and a half apart—the a round of dissipation too fatiguing to be socia-apparently unwilling to come further ble. The Counters Persigny has brought in, the Monitor unwilling to go further by giving her last ball at midnight, a fashion in h, and the Vanderbilt, without turn- private concerts at about seven, and balls at when they and may easily be inferred from the time of their beginning. The wearing an all points 3.30 — The Merrience now turns round and done warded off by the ladies, and, indeed, also lack towards Norfolk, with her rebel flag often by gentlemen, in a manner so ingenuous that it deserves to be recorded. Dinners are Marriance and the Monitor starts towards mouth of the Edizabeth river. The Decotah ally served, and instead of being finished at

NEW ADVERTISEMENTS.

NOTICE TO SHIPPERS.

The troops are going on board the transports, and his war ve sels, including the Monitor, have sill returned to their anchorage.

The President viewed the action from a tug board the freet the hard a mile in the rear of the fleet. He has not returned and as he passed up the mader cultivation in corn, a good erchard of select frest, have been selected by the troops.

The President viewed fine action from a tug board twenty acres of land, ten of which are mader cultivation in corn, a good erchard of select frest, have been as the coverage of the first large new distorn of excellent water, and a garden in very good entity ation. Also, one mile cow and call, myst-lw.
